Lieutenant General Edward J. Heinz, USAF
Director, Intelligence Community Staff

25X1

Dear General Heinz:

25X1

(U) Reference my letter to you dated June 9, 1988, and the meeting between you, I, and our respective staffs on July 20, 1988.

(S) In the references I pointed out that I was encouraged by the your staff's reception of our initiative to formalize FEMA's intelligence and security requirements. Accordingly, I have enclosed a second installment to the Agency's overall Statement of Intelligence Interest.

(U) However, up to this point, although there has been considerable communication between the staffs, no formal acknowledgement has been received. I want to stress that the completion of this project is important from my perspective, in order that established mechanisms be in place for the formal arrival of the new administration.

(U) Because of the hard work my staff has put into developing our requirements and intelligence issues, I would hope that they would not have to labor under the detailed briefings and explanations for a new Director of this Agency.

(U) If there is anything that I or my staff can do to expedite the process, please do not hesitate to call me.

Sincerely,

Julius W. Becton, Jr.
Director
